

Isaiah Seymore

Mechanical & Ocean Engineering | MIT
iseymore@mit.edu | isaiahseymore.com

Education

Massachusetts Institute of Technology

September 2024 - May 2028 (expected)

- Pursuing a Bachelor of Science in Mechanical and Ocean Engineering.
- Coursework: Dynamics and Controls I and II; Mechanics and Materials I and II; Differential Equations; Thermal Fluids Engineering; Physics; Calculus I and II; Introductory Biology and Chemistry.

Experience

MIT - Orientation Leader

August - September 2025

- Welcomed first-year students to campus as part of a team of 56 orientation leaders.
- Coordinated schedules and facilitated group discussions for a group of 14 students.

International Paper - Strapper Operator

June - August 2025

- Operated the final stage of a production line processing 800 feet of sheet per minute.
- Performed preventive maintenance to support smooth operation and prevent mechanical issues.
- Supported production at a rate of 50 units per hour.

Leadership & Activities

National Honor Society - President

August 2023 - May 2024

- Organized a canned food drive that collected more than 200 cans for the Salvation Army.

Future Farmers of America - President

August 2022 - May 2024

- Helped manage raffle and parking operations for an event that generated more than \$10,000 for scholarships and the local FFA chapter.

Awards

Gates Scholarship

May 2024

Skills & Interests

Skills

- Leadership, organization, teamwork, integration, differential equations, and Lagrangian dynamics.

Interests

- Naval architecture and hydrodynamics.
